Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Saturday 06 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Dry but often cloudy today.

Today:
Starting with a frost in places where skies are clear. There will be often large amounts of cloud today, especially this afternoon, although it will remain dry with limited sunny spells. Light winds with temperatures a little below average. Maximum temperature 7 deg C (45 deg F).

Tonight:
Starting dry and mainly cloudy. Overnight clear spells will develop for some areas, allowing a slight frost to develop and perhaps some patchy fog, while cloud lingers for other areas. Minimum temperature -2 deg C (28 deg F).

Sunday:
Chilly start for many places, with frost and any fog clearing. Through the day there will be varying, often large amounts, of cloud but also some sunny spells. Feeling milder. Maximum temperature 11 deg C (52 deg F).

Outlook for Monday to Wednesday:
Cloudy Monday with occasional light rain or drizzle, mainly across western hills. Milder Tuesday, mainly dry but generally cloudy, limited bright spells. Wednesday mild, very windy with spells of rain.
